

Images

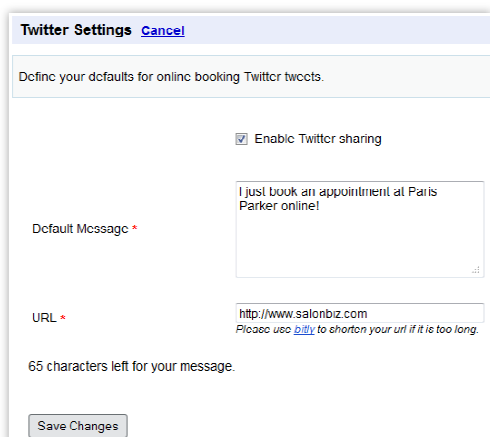

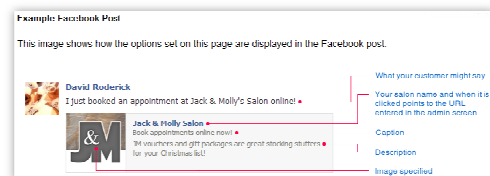

1. Login to SalonBiz Central.
2. From the Admin drop down menu, go to Online Booking and click Social Sharing.
3. Click the Upload Image button to load a custom image that will appear on the client's post.

Facebook

Define your default Facebook posts for your online booking clients.

1. Click Facebook, and then click Edit.
2. Click to enable Facebook sharing.
3. Enter your Salon Name.
4. Go to a page on your web site and copy and paste the URL into the field. This will be clickable from the post.
 - Use this field to drive traffic to your online booking page of your web site. This can be changed to promote different products, services and even special promotions! When the post appears it will lead to that specific page when they click the Salon Name link.
5. Enter a caption. This is a brief message that will appear under the Salon Name in the post.
6. Enter a description. This is a great place to promote events or even advertise promotions.
7. Click the Browse Images link, locate the image you would like to use and click the Use Image link.
8. Click the Save Changes button.
 - ★ Change your URL, Caption and Description seasonally to maintain interest and drive traffic to your focus.

Twitter

Define your default Tweets for your online booking clients.

1. Click Twitter, and then click Edit.
2. Click to enable Twitter sharing.
3. Enter your default message (tweet).
4. Enter the URL you would like included in your message.
5. Click the Save Changes button.
